Feedback: Three pieces of feedback we received were along similar lines.

"More information (update), as some people its been years since they were at school and things have changed over the years."

"Opportunity to access free courses to help teach subjects. Eg. Maths, English, Phonics."

"I would like to know the teaching methods used so I can do the same at home to keep consistency and avoid confusion."

Action: Throughout the year we offer meetings for parents/carers in Reception to attend for phonics, reading and writing. In these sessions we explain how these lessons are taught and offer suggestions on how to help at home. Parents/carers are sometimes directed to suggested courses, if we feel they will benefit. We do not expect parent/carers to teach at home, we greatly value your support in helping your child to read, to become independent in social and life skills, such as dressing, using a knife and fork, washing hands, taking turns and sharing.

Staff are always available to support with any questions you may have.

Feedback: One parent/carer does not feel they have the opportunity to speak to a member of staff when they need to.

Action: In EYFS, staff are always on the door at the start and end of the day. Staff are always available to speak to any parent/carer. If anyone requires a longer meeting to discuss a particular issue, they can always be arranged at a more suitable time. Parent consultation evenings are offered twice a year, to every child's parent/carer.
